

MULTI 100 : The Perfect Tool for Managing Luxembourg Legal Deposits

Optimize your accounting processes with the MULTI 100 module, specifically designed to complement Sage 100 Accounting. This robust and adaptable tool offers you an all-in-one solution for managing your Luxembourg legal obligations.

Main Features:

- Automated Editing and Generation: Produce your VAT returns and annual accounts, including balance sheets, profit and loss accounts, and the accounting plan.
- Diversity of Formats and Languages: Supports abbreviated and full formats in French, English, and German.
- eCDF¹: Electronic transmission of financial data to the CTIE² via XML.
- FAIA³: Generates a file in FAIA format for optimal control by the A.E.D⁴.
- Detailed Reporting: Reports on fixed asset acquisitions and depreciation, summary statements of intra-community deliveries and services, and more.
- Control and Compliance: Monitors VAT discrepancies and reassignment of tax codes for full compliance.
- CSSF Reporting: Generates reports for the Financial Sector Supervisory Commission (CSSF).

Simplified Accounting: With MULTI 100, enjoy increased visibility and simplified management of your financial and tax declarations. Whether for annual balance sheets or specific audits, MULTI 100 is the essential tool to ensure the accuracy and compliance of your accounting.
